About

Sharmee

Passionate About Inspiring Others

Twenty years ago (2000), at the age of 23, Sharmee was diagnosed with schizophrenia, depression, and bulimia. And one entire year after Sharmee received this diagnosis, she battled daily for her sanity and life. Often, she felt suicidal and dealt with panic attacks. Through the assistance of mental health physicians and the faith-based community, Sharmee survived. As well, Sharmee's three daughters have experienced traumatic ordeals -- two were raped and two have been victims of domestic violence. One was beaten so severely that she had to be hospitalized. While there are still some challenges today, they all survived as well. But now, Sharmee, is paying it forward. She is the Founder and CEO of Sharmee's Mind Management School, an educational training center dedicated to fostering emotional, spiritual, and mental wellness within the lives of people. To aid in reaching this goal, Sharmee has written an array of books on this subject: *Breaking Free from Within*, *Crushing the Olive Will Release the Oil*, *Who or What's Persuading You*, *Illegal Access*, and her latest coaching and book collection, *The Dangers of Interference*.

Sharmee is a Certified Life Coach, Spiritual Advisor, International Conference Speaker, Television Host, Prolific Author, and a Digital Educator. Just recently, Sharmee was interviewed by Urban Buzz Magazine, which landed her being featured on their Instagram page **with billionaire Oprah Winfrey; founder of Amazon, Jeff Bezos; award-winning actresses, Taraji P. Henson, Angela Bassett** and so many more. Sharmee is deeply passionate about her faith and strongly believes that people can be made whole no matter what they have gone through. Sharmee has traveled throughout North America and in South Africa training in biblical practices and Protocols; and hosted Facebook and Youtube Live broadcasts on emotional and mental wellness. Also, she has been the Radio Host of Jubilee KSTL in St. Louis MO. Sharmee is truly committed to helping people, so they can live a more fulfilled life. She is called to speak to the masses.
